
Title: Blackend Shrines

Author: Bailos

The Ritual of the
Black Shrine.

Bring forth a
respectable
lightbringer known
throughout the lands and
place him within a cell
for three days with no
food or water. Once the
three days have passed
bring him to a shrine of
any virtue and place
him within the midst
of it. All throughout
the shrine, place
blackened ore deposits
and dark cloth. The one
who is to perform the
ritual shall stand behind
the lightbringer and chant
the words "In Nox De
Virtuous". After this
has been said have all
those present surround
the lightbringer with
fire and upon his
death utter "Etheng!".
The shrine will
become black and
tarnished.
